Our OSHC service is open and operating for those that need our care, with engaging programs that have an increased focus on hygiene and social distancing.

During the term, we have been cleaning, sanitizing and going over our policies and documents to ensure safety for your child that comes within the service. We have ensured that when your child comes into the service that everything has been sanitized and once children leave everything will be sanitized again. We have updated our cleaning requirement to ensure that we are cleaning before, during and after the service.

We have also created activities that are designed to ensure children and staff are kept at a safe distance as well as being creative and learning new skills. The next two weeks we will be learning about National Reconciliation Week; here are some examples of what is in store.

PSW BACK TO SCHOOL UPDATE

Dear Valued Customer,

In light of the recent state Government announcement in regards to schools reopening in the next fortnight, we would like to open preliminary talks with you regarding the opening of our retail stores and the processes and logistics involved around this.

Our retail team is currently working towards preparing a healthy, safe and controlled environment for our team members and community in an effort to ensure that we are able to best serve our customers by implementing safe distancing, providing sanitising product and also regular cleaning and disinfecting all surfaces.

We can confirm a reopen date starting next Wednesday, May 20th of all PSW retail stores. The following trading times will ensue:

Wednesdays, Thursdays and Fridays / 9am-5pm and Saturdays 10am-1pm

***We will remain closed on Sundays, Mondays and Tuesdays for the time being.**

On-Campus stores - to avoid any unnecessary risk to your school community, we propose for the short/medium term that all locations be closed due to the difficult nature of managing safe distancing due to the limited space available along with the restricted opening hours. We would suggest your school stock inventory at your local PSW retail store where we could manage all online orders and also provide a 5-6 day personalised service to your school community.

We welcome the opportunity to discuss this with you in person at your convenience to plan out how to best service your school during these challenging times. Your dedicated account manager will be in contact to discuss a plan moving forward that will best suit your school community.

We look forward to seeing you in our stores again very soon. Please take care and thank you for your continued support.

Please refer to our website - www.psw.com.au - for updates which will be posted regularly and we will continue to process online orders without any interruption during this period.

Year 11 and 12 students now face unprecedented disruption and uncertainty around the completion of the school year. With no firm decisions on how, when or if final exams will be held, many students are understandably anxious.

In this session, Dr Michael Carr-Gregg will provide practical tips on how parents and students can manage these challenging times.

Tuesday 26th May – Helping teachers manage their wellbeing in the Coronavirus era 7-8pm

Before COVID-19 turned our lives upside down, more than half of Australian school teachers suffered from anxiety and almost one-fifth were depressed.

This seminar is targeted towards anyone, in particular teachers, who are feeling anxious during the pandemic. It will provide you with the skills, knowledge and strategies to manage your own wellbeing during this challenging time.
